Dear Ms. Clemons and Mr. Sukys:

With this letter, the California Department of Transportation (Caltrans) transmits Administrative Modification No. 41 to the Rural non-Metropolitan Planning Organization area portion of the California 2015 Federal Statewide Transportation Improvement Program (FSTIP). This modification increases the programming capacity in the amount of \$9 million that relies on the State's federal programming capacity. The financial plan will be updated to reflect this change in the next FSTIP amendment.

Administrative Modification #41 modifies the following existing projects in the 2015 FSTIP:

State and Transit Elements:**Various Counties:**

Proj #1: CTIPS ID 230-0000-0029, Grouped Project Listing for Emergency Repair – State Highway Operation and Protection Program (SHOPP) Emergency Response – increases the total funding by \$8.57 million in FY 16/17 and revises the detailed backup listing of projects

Proj #2: CTIPS ID 230-0000-0375, Grouped Project Listing for Purchase of Transit Vehicle to replace existing or minor fleet expansion – increases the total funding by \$431,000 in FY 16/17 and revises the detailed backup listing of projects.

These changes are consistent with the FSTIP Amendment and Administrative Modification Procedures and have no impact on the rural non-MPO financial constraint or air quality conformity. In addition, there are no projects in this administrative modification that are included in any other amendment that is currently open for public review.

Since administrative modifications do not require Federal Highway Administration (FHWA) and/or Federal Transit Administration (FTA) approval, these changes have been incorporated into California's 2015 FSTIP.
